Ashtakavarga

Ashtakavarga system is a predictive method of Indian Astrology that uses a system of points based upon planetary positions. Ashtakavarga means eightfold categorization. It depicts eightfold strength of planets excluding the nodes of the Moon but including the ascendant. It is worked out according to certain well-established rules for measuring the planetary strength. The strength of each planet and the power and intensity of their influence depends upon the location of other planets and the ascendant in relation to it. Eight full points are assigned to each planet. They can obtain strength varying from zero to 8 points which, plotted on different signs in a chart, determine the possibility of a transiting planet in inducing auspicious or other effects during its sojourn in a particular sign.

Remedies for Saturn Transit

Saturday Fasting

Saturday fasting (vruth) is the best remedy for alleviating the malefic effects of planet Sani/Saturn. Observance of Saturday fasting on these unfortunate periods is always advisable. Though, the fasting recommends to avoiding food for the whole day, those who can't endure this may observe it with a single meal. Chanting prayers of Lord Sani and visiting temples of Lord Sastha or Hanuman are also significant to this fasting. Wearing black clothes and conducting Saneeswara Pooja (Lord Sani pooja)are recommended. The person observing Saturday fasting should avoid oil massaging before taking bath and shouldn't have any cutting or shaving.

Mentioned above are some of the key observances of Saturday fasting. There would be some regional differences in these which you can accept and follow through careful examination. Whatever be the observances you follow, it's all about your devotion. The more devoted or committed you are, the better results you get.

Lord Hanuman prayer not only eliminates the harmful effects of saturn but also revitalises your body and mind. Chant this prayer daily or at least on Saturday morning and evening.
