Varsha Phal

The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horocope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

Muntha is in the tenth house. During this phase, you will do well at your career and travel in comfort wherever you go. There could be acquisition of some property or you could gain some luxurious articles. Besides, its a good time to get yourself a new vehicle!! Your seniors will be favourably inclined to you and your ideas. You will acheive the goals you seriously pursue. Take life in its stride to acheive a happy and contented state of mind.

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed well, the Lord of Muntha is in an unfavourable position. This nullifies some of the good effects given by Muntha. Also, some difficulties will be experienced during the year.

The lord of Muntha is in the twelfth house. This year could bring to you certain moments of defeat and losses. It could be the giving up of some coveted post you hold or even the loss of some valuable article. However let there be no lack of confidence. Hold on steadfast to hope and do not let disappointment take you over.

Lord of the year

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Saturn is the lord of the year and is strong. This year, chances are bright to to acquire land or property. You could get money from foreign sources. Resist the temptation to make money through illegal means and vicious connections. This is not the time to depend too much on other people. You have to do things on your own to reach the targets. Take care against any accidents or diseases. There could be an enhancement of your status, at this stage of your life. It could be at work or even at some club or association. You will have victory over your adverseries. Your hard work will win you prosperity.

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual tenth house. This points to a generally successful year ahead for you. You will win favours from authorities. You will be happy with the progress you achieve in your projects and new ventures.

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.
