Varsha Phal

The sun transits one circle of 360 degrees of the zodiac in a whole year. To analyse the results for a specific year of your life, a horoscope is cast for the time when the Sun in transit reaches exactly where it was at the time of your birth. This horoscope is used to predict events and foretell your life for that particular year. The annual or progressed horoscope is similar to that of the Siderial Solar Return chart in Western Astrology.

Varshaphal is also known as the Tajaka or Tajik system of astrology. Of the many writers, Nilakanta and Kesava are the two great authors who have written elaborately on the Tajik system.

The annual horoscope analysis and predictions given here are based on the principles of the Tajik system. The point called Varshapravesh, is the entry into the new year and has great significance. This is calculated as per the elaborate methods suggested in the ancient texts. The day of the week of your birth, is also considered for Varshapravesh. Apart from the ascendant in the annual chart, called Varsha Lagna other important influences analysed are that of the Muntha, the Lord of Muntha and the Lord of the year.

There are wide differences in rules, for judging a horoscope under the Parasara system and the Varshaphal. The set of rules for aspects and combinations in the two systems are distinct. The strength of the planets are ascertained by Panchavargiya Bala rather than Shadbala, as in the Parasara system.

In the foregoing analysis, you can see that the effects of various factors are sometimes contradictory and at times reinforcing. While some unfavourable influences are neutralised by favourable factors, often you will experience all these at least partially at sometime during the year. An overall judgement of the year ahead is given at the end of each annual forecast.

Please remember that the Varshaphal period covers an entire year from the day of Varshapravesh, which is approximately from one birthday to another.

The predictions given here are indications of the fortunes ahead and you can surely surmount any hard times, by your diligence, will-power and the grace of God.

Effect of Muntha

Muntha is a sensitive point in the annual horoscope. Muntha moves by one rasi per year from the birth ascendant. The position of Muntha in the annual chart has a significant effect on the results one can expect during the year.

The placement of Muntha in the eighth house is a forewarning of ailments to a near or dear one. Pay heed to any symptoms that may come your way. Do consult a doctor early enough. Be careful while travelling or while handling sharp objects and weapons. You may not have much luck with finances. During this phase, avoid fruitless endeavours as they will only lead to loss of confidence. You may have to travel to or work at faraway places. However hope and prayer should help you sail through the year without too much harm. Meditation could help soothen your nerves.

Lord of Muntha

The lord of the house where Muntha is placed is called Munthesh, the Lord of Muntha. The effect of Munthesh is only secondary to that of Muntha.

In this case, while Muntha is placed unfavourably, the Lord of Muntha is in a good position. This minimises some of the bad effects given by Muntha. Also, there will be progress in some areas during the year.

The lord of Muntha is in the tenth house. For you, this year could bring you better career prospects. Your income levels will go up. Or some arrears or pension that you have been expecting for long is finally coming through. You have every chance to acquire new assets or valuable articles. Success will follow your every earnest endeavour.

Lord of the year

Varsheswara, the lord of the year is selected based on various factors as shown above. The lord of the year has a significant influence on the events that unfold during the year. The strength of the planet is also an important consideration.

Moon is the lord of the year and is strong. This year will improve your income levels. Your family will keep you happy. You will be a popular man among your family and friends. There can be a rise in your position at work or in socio-cultural organisations where you are actively involved in.

Birth Lagna

The position of birth lagna in relation to varsha lagna has special significance.

Birth lagna is the annual seventh house. Over the next few months, you could be part of some auspicious celebrations. Its a good time for marriage and to let romance into your life. You will develop new associations which will prove helpful.

Planets in houses

The effects due to the position of planets in different houses of the annual chart are outlined below. These influences modify the intensity of good and bad results forecast based on the parameters analysed earlier.

Moon happens to be in the third house. This indicates benefit to brothers, secret pleasures, good income and increase in prestige.

Sun is in the tenth house. This points to influx of wealth, gain of land and territory and wise decisions.

Mercury is in the tenth house. This indicates comfort of using vehicles, good earning for children and success to employer.

Venus is in the tenth house. This points to improvement in efficiency and competency, acquisition of assets, enjoyment in gardening and higher status.

Mars is in the tenth house. This points to a new assignment and income through machinery and satisfactory income levels.

Jupiter is in the fourth house. This indicates selling a vehicle and buying another one with profit, all-round happiness and benefits from the ruling party, success in new ventures.

Saturn is in the first house. This points to health problems, trouble through government, distress due to spouse or lover, obstacles and dejection.

Rahu is in the twelfth house. This indicates change of residence or job, disregard of social conventions, death of trusted servants or subordinates, stomach and ear complaints and restrictions placed on your freedom.

Ketu occupies the sixth house. This points to starting of an educational centre, happiness at home, honour in public, respect in the community, smooth sailing in all affairs.

Ashtakavarga plays a significant role in transit predictions, and it uses a system of points based upon planetary positions in your birth chart. This monthly report is a combination of the effects of both the Sun and Jupiter and will guide you to have a better year.
